

SENA ERDEM

Junior Data Analyst | SQL · Power BI · DAX · Python · Power Automate

sena.erdem.pl@gmail.com | +48 792 624 121 | Kraków, Poland | LinkedIn: linkedin.com/in/sena-erdem-a64b91345 | GitHub: github.com/senaerdemm2 | Portfolio: senaerdemm.vercel.app

PROFESSIONAL SUMMARY

Computer Engineering graduate (April 2026) with 6 months of Data Analyst / BI internship experience at GLP Software and a 330-hour Data Analysis bootcamp from TechPro Education. Specialised in end-to-end data analysis workflows: extracting and validating data in SQL, performing EDA in Python (Pandas, NumPy), modelling KPIs in Power BI with DAX, and delivering insights through interactive dashboards. Comfortable turning raw data into clear, decision-ready analysis for non-technical stakeholders. **Available immediately** for Junior Data Analyst roles in Poland and remote.

PROFESSIONAL EXPERIENCE

Data Analyst Intern (Remote)

GLP Software | Aug 2025 - Jan 2026 | Warsaw, Poland (Remote)

- Completed a remote, project-based internship focused on building **3 end-to-end data analysis portfolios** under GLP Software sponsorship (the projects below were the deliverables): SQL, Power BI (DAX), Python (Pandas, NumPy), and reporting automation, covering **99K orders**, **5K IT tickets**, and **3,157 survey responses**.
- Applied the full data analysis lifecycle: data collection, cleaning, EDA, KPI modelling, and visualisation; self-directed scope, dataset selection, and methodology.
- Developed interactive Power BI dashboards with DAX measures, drill-through filters, and dynamic KPI toggles; documented all pipelines on GitHub for reproducibility.

PROJECTS

IT Support Ticket Analysis & Automated Weekly Reporting

PostgreSQL | Power Query | Power BI (DAX) | Power Automate | github.com/senaerdemm2/it-support-ticket-analysis

- Built an end-to-end weekly reporting pipeline for **5,000 IT support tickets**: PostgreSQL → Power Query → Power BI star schema → automated KPI email via Power Automate.
- Surfaced **82.1% SLA compliance** and **16.9h avg resolution time** through DAX KPI measures (SLA Met %, Avg Resolution Hours, Open Tickets, Avg CSAT), with automated weekly KPI summary landing every Monday 09:00 Europe/Warsaw.

Olist E-Commerce Executive Dashboard

PostgreSQL | SQL | Power BI | DAX | github.com/senaerdemm2/olist-ecommerce-analysis

- Built a 2-page executive Power BI dashboard on **99K orders** and **BRL 15.4M revenue**, answering 6 business questions on revenue concentration, delivery SLA, and category dependency.
- Flagged single-market dependency (**São Paulo = 37% of revenue**, top 3 states = 63%) using DAX SWITCH and disconnected tables, driving market-expansion recommendations.

Remote Work Burnout Risk Segmentation for HR

Python | Pandas | Plotly | EDA | github.com/senaerdemm2/remote-work-health-analysis

- Performed EDA on **3,157 survey responses** across 6 regions (Remote vs Hybrid vs Onsite) using Python, Pandas, and Plotly; cleaned and merged multi-region CSV sources into a single analysis-ready dataset.
- Engineered a **composite burnout risk score** for employee segmentation and surfaced wellbeing trends through interactive Plotly dashboards for HR review.

EDUCATION

B.Sc. in Computer Engineering, Graduated April 2026

Vistula University, Warsaw, Poland | Oct 2022 - Apr 2026 | Erasmus Exchange: HTW Dresden, Germany (Sep 2024 - Feb 2025)

TECHNICAL SKILLS

Reporting & BI: Power BI, DAX, Power Query, Tableau, KPI Analysis, Drill-through, Power Automate

SQL & Databases: SQL, PostgreSQL, SQL Server, CTEs, JOINS, Aggregations, CASE WHEN, Window Functions

Python & Analytics: Python, Pandas, NumPy, Scikit-Learn, Plotly, Matplotlib, Seaborn

Statistics & ML: Linear Regression, Hypothesis Testing, Effect Sizes, EDA

Tools: Excel (PivotTables, XLOOKUP, Formulas), Google Sheets, Jupyter Notebook, Git

CERTIFICATIONS & LANGUAGES

HackerRank SQL (Basic, Intermediate, Advanced)

Data Analysis Certificate, TechPro Education | 5-month / 330-hour bootcamp | techproeducation.com | Issued November 2025 | ID: 4634541267SE | Curriculum: SQL, Power BI (DAX), Tableau, Python (Pandas/NumPy), EDA, Capstone, Statistics, Git, HTML/CSS, Jira.

Languages: English (B2) | Turkish (Native) | **Volunteer:** Turkish Cultural Events, Warsaw (Oct 2024 - Jul 2026)
